# ABOUT US

Al Noor Horizon co. is the full range of engineering, procurement and construction services for the Middle East oil and gas industry. As an Saudi-based company, we are proud to have been involved in a number of projects of national importance. Our business excels through the long-terms relationships we have built in the industry and by execution that promises a world-class standard. All of our services are fully certified, ensuring that we meet not only our own corporate requirement for excellence, but also regional and international standards. We believe in working closely with our client in order to ensure the product we deliver meets their expectations. We understand the importance of the positive partnering concept and pride ourselves on making the construction process as stress free as possible for the client.

Our construction crew has extensive experience with commercial developments from retirement villages, hotels, warehousing to resort complexes. This combined with our ability to provide complete site work for institutional and commercial developments means not only are we competitively priced, but we also provide the peace of mind that comes with dealing with one contractor.

Al Noor Horizon Co. is a company with regional scope and national recognition. We have shown that if you can dream it, we can build it. Our clients represent a wide range of industries in the private and government sectors. We are proud that over 80% of our business comes from repeat clients.

we continue a commitment to excellence by striving for quality in every job regardless of size, budget or time line. We still maintain the same foundation of integrity, trust and mutual respect that has made the business an ever-expanding success, and one of the premier contractors in the country. We live where we work and take immeasurable pride in the results we see every day.

Beyond bricks and mortar, people are the backbone of our business. Al Noor Horizon Co. value relationships with the people we serve—our clients, contractors, suppliers and associates. Together we can enhance the quality of life for all. Since we believe that buildings are a reflection of the people who build them, we hire leaders of esteemed character who are fair, kind and considerate. By attracting and retaining the best construction professionals in our industry, we are able to maintain the highest standards and ethics.

A wide community of professionals works together with us to deliver quality projects on time and within budget. With over 20 years of experience, Al Noor Horizon Co. have established relationships with the majority of trade and specialty contractors, suppliers and firms. Our own Supplier Diversity Program sets the standard in the construction industry by actively mentoring these contractors on how to become certified and qualify for new opportunities.

By incorporating technology early in a project's development, Al Noor Horizon co. can educate our partners on best practices and work together to improve overall project visualization, increase collaboration and productivity, and reduce the need for change orders and repeat work.

# OUR MOTTO

**We** seeks energy conservation focusing mainly on saving electricity, filtered natural lights. Quite simply, we want to help people live a comfortable, fulfilled life.

**Our** success is driven by more than building some of the most advanced cooling solutions for our corporate, institutional and government clients. More and more of our client share turning to us for our distinctive ability to implement innovative techniques for solar heat control and to serve as a reliable provider of knowledge-driven solutions for their solar radiations.

**We** believes that success must be achieved in harmony with the environment. A commitment to human welfare and environmental Protection is our motto.

# PRODUCTS & SERVICES

## MEP CONTRACTING (ALL KIND OF MECHANICAL ELECTRICAL & PLUMPING WORKS)

We are a professional MEP contracting company specializing in Mechanical, Electrical, and Plumbing works for commercial, residential, and industrial projects. Our expertise covers design, supply, installation, testing, and commissioning of complete MEP systems with a focus on quality, safety, and timely project delivery. With a skilled technical team and a commitment to excellence, we provide efficient, reliable, and cost-effective solutions tailored to client requirements.

## HVAC SYSTEMS

We provide complete HVAC system solutions, including design, supply, installation, testing, and commissioning of air-conditioning and ventilation systems. Our services cover ducting, chilled water, package units, split systems, and maintenance works. With a skilled technical team and a commitment to quality, we ensure efficient cooling performance, energy savings, and client satisfaction in every project.

## FIRE FIGHTING & FIRE ALARM SYSTEMS

We specialize in the design, supply, installation, testing, and commissioning of fire fighting and fire alarm systems. Our services include sprinkler systems, fire hose reels, extinguishers, fire pumps, detectors, and alarm panels, all complying with international safety standards. With a skilled and certified team, we ensure reliable, efficient, and code-compliant fire protection solutions for residential, commercial, and industrial projects.

## CIVIL & ARCHITECTURAL WORKS

We undertake a wide range of civil construction works, including concrete, masonry, finishing, and structural modifications for residential, commercial, and industrial projects. Our services cover demolition, excavation, formwork, reinforcement, concreting, and finishing with high standards of quality and safety. With experienced professionals and efficient project management, we deliver durable, precise, and on-time civil construction solutions.

## WATER PROOFING

We provide professional waterproofing solutions for residential, commercial, and industrial structures. Our services include roof, basement, and wet area waterproofing using high-quality membranes, coatings, and sealants. With skilled technicians and proven materials, we ensure long-lasting protection against water leakage, dampness, and structural damage, delivering reliable and cost-effective results.

## GLASS FACADE WORKS

We specialize in the design, fabrication, and installation of glass façade systems, including curtain walls, structural glazing, aluminum composite panels, and frameless glass works. Our team ensures high-quality finishes with precision engineering, aesthetic appeal, and superior performance in energy efficiency and safety. We deliver modern façade solutions tailored to architectural and project requirements.

## ALUMINIUM WORKS

We specialize in the design, fabrication, and installation of aluminium doors, windows, profiles, and cladding systems for commercial, residential, and industrial projects. Our expertise includes sliding and hinged systems, curtain walls, composite panel cladding, and frameless glass assemblies. Using premium-grade materials and precise fabrication, we deliver durable, elegant, and energy-efficient aluminium solutions tailored to client requirements.

## STEEL STRUCTURE WORKS

We undertake design, fabrication, and installation of steel structures for industrial, commercial, and residential projects. Our services include structural steel framing, platforms, canopies, support frames, and customized steel fabrications. With precision engineering, quality materials, and skilled workmanship, we ensure durable, safe, and cost-effective steel solutions that meet project specifications and timelines.

## ARCHITECTURAL WINDOW FILMS

Global offers a complete line-up of architectural window film products to serve a wide range of consumer and commercial needs. Architectural window film is a type of polyethylene terephthalate (PET) film that is installed over existing windows to improve functionality and design. It provides essential protection by blocking harmful ultraviolet (UV) rays, helping to preserve furnishings and prevent fading or deterioration over time.

## CURTAIN AND ROLLER BLINDS

A curtain might feel soft but it's very hard-working. It can keep out strong sunlight on a summer's day and the nosy looks of your neighbours, too. A thick one will even keep out draughts in winter. Best of all, it helps you give your home your personal style, whatever the time of year. Roller Blinds are ideal especially for the minimalist, classic or industrial designs.

## GENERAL TRADING

professionally managed entity dedicated to providing high-quality industrial, commercial and residential construction & Engineering supplies, FMCG & Hotel supplies. With a competent and experienced team, we have achieved rapid growth and continually strive for better and more efficient services. Our clients includes major hotels, Hospitals, schools & Compounds.

## FITOUT WORKS

As professional interior fit out contractors in KSA we are proud to offer interior fit out contractor services to Jeddah and the wider region. Our experienced workforce provides unparalleled service, and focuses on delivering superior quality combined with long-lasting results.
